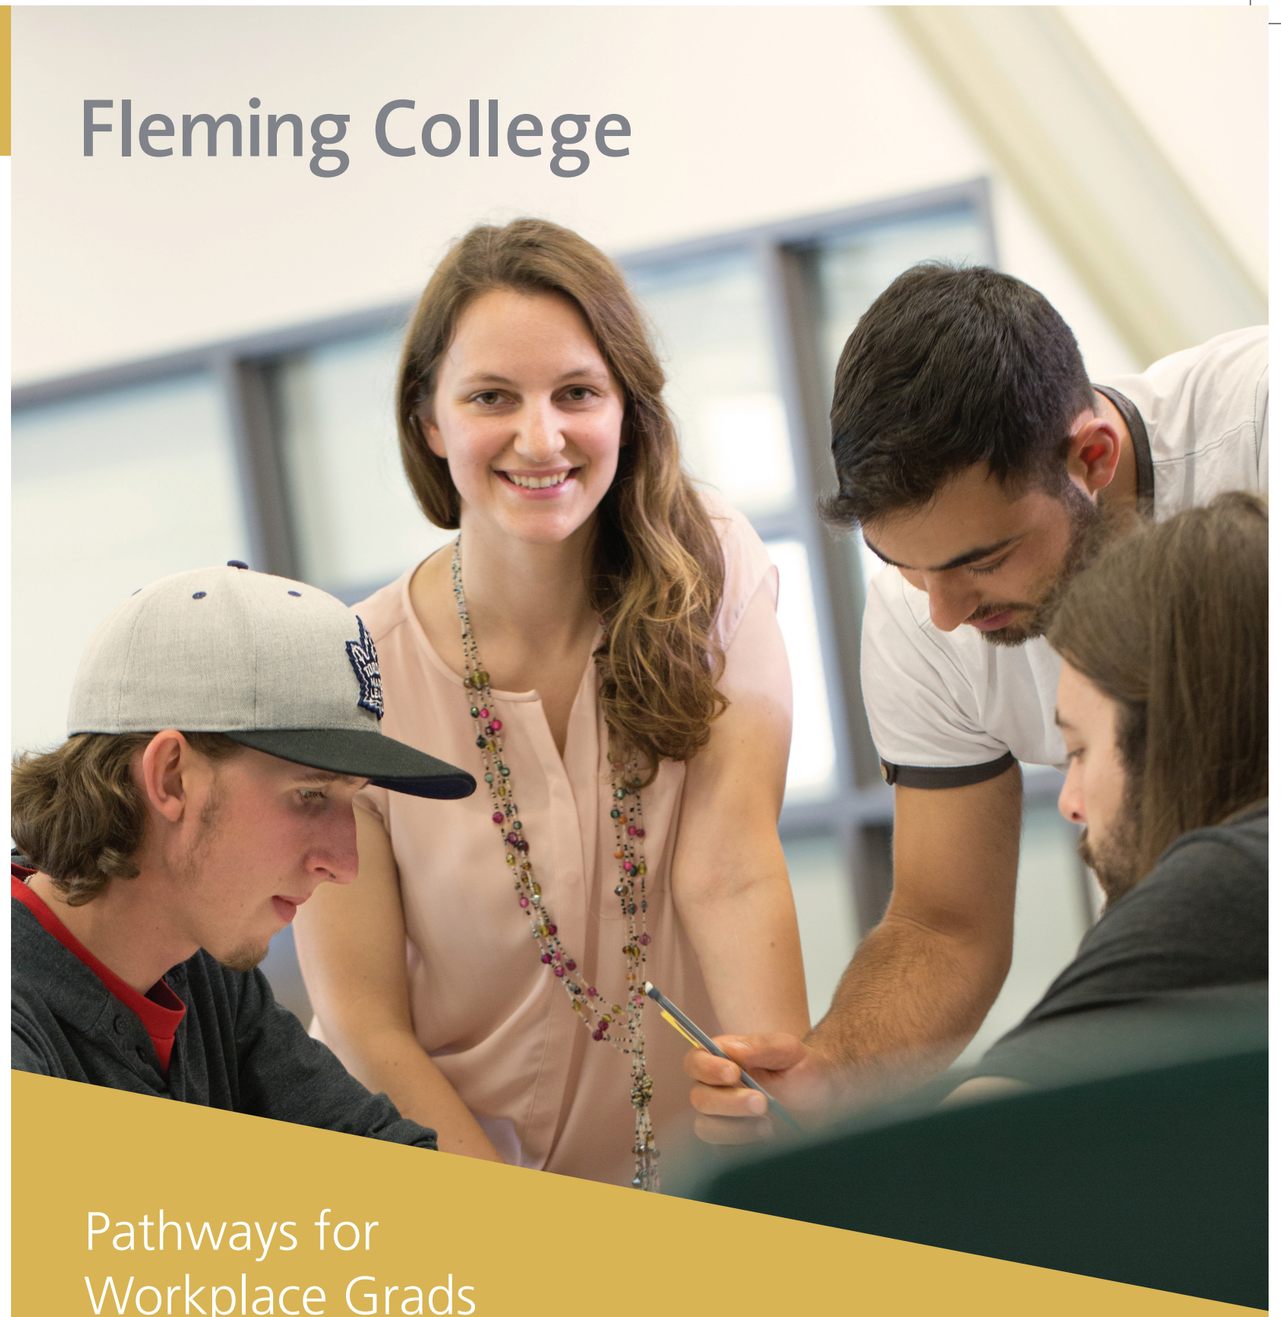
Fleming College

Fleming College



Pathways for Workplace Grads

A FULFILLING FUTURE AWAITS

Fleming offers several programs that lead to rewarding careers for workplace level grads and additional study opportunities

WORKPLACE PATHWAYS

Admission requirements: OSSD with the majority of credits at the Workplace (E) level, including English. Note: OLC 40 meets the English requirement. When Workplace (E) is the minimum course level for admission, (C) and (U/C) level courses are also accepted.

Esthetician
Fast-track 3-semester Diploma. Peterborough Campus
Students graduate job-ready with practical experience and business skills by working in the on-campus spa.
OCAS Code: EST

Personal Support Worker
2-semester Certificate. Peterborough Campus
This program gives students the training and credentials for a rewarding career providing support for children, adults and seniors with special needs or disabilities.
OCAS Code: PWS

Office Administration – General
2-semester Certificate. Peterborough Campus
This program focuses on both the technical and software skills required in today's public and private sector office environment and problem solving behavioural skills demanded of all employees.
OCAS Code: OAG

Outdoor Adventure Skills
2-semester Certificate. Lindsay Campus
Outdoor enthusiasts are trained and certified for positions in the adventure tourism industry. Students can obtain several outdoor certifications, which would ordinarily require travel throughout Ontario.
OCAS Code: OAS

Outdoor and Adventure Education
4-semester Diploma. Lindsay Campus
Learn to plan and lead outdoor adventures, and provide educational and interpretive programming. Share your appreciation of the outdoors while you help others develop their skills and confidence.
OCAS Code: ODE

Heavy Equipment Operator
12-weeks Certificate. Lindsay Campus
In a hands-on learning environment students develop the skills to operate bulldozers, graders, backhoes, excavators and other construction site equipment.
OCAS Code: HEO

Blasting Techniques
1-year Certificate. Lindsay Campus
Only program of its kind in Canada.
This highly practical hands-on program uses labs and field classes to focus on explosions, drilling & blasting, geology and safety.
OCAS Code: SBL

Trades Fundamentals
2-semester Certificate. Peterborough Campus.
This pathway program provides a sampler of basic level construction and trades skills. Get the skills you need for further trades studies.
OCAS code: TTF

Mechanical Techniques - Plumbing
2-semester Certificate. Peterborough Campus
Graduate with a variety of trade-specific skills that could land you employment with independent contractors or be your pathway to a plumbing apprenticeship.
OCAS code: PLM

Welding Techniques
2-semester Certificate. Peterborough Campus
Students will gain extensive hands-on experience on the most demanding processes used in the industry and graduate with employable skills to assist them in obtaining well-paying jobs in the welding trade.
OCAS Code: WTQ

Welding and Fabrication Technician
4-semester Diploma. Peterborough Campus.
Gain hands-on experience in all major welding processes and metal cutting techniques. Learn to troubleshoot welding equipment, use a variety of destructive and non-destructive methods to test welds and gain advanced skills in fitting processes.
OCAS code: WFT

Carpentry Techniques
2-semester Certificate. Peterborough Campus
The program focus is carpentry but you will also learn framing techniques, electricity basics, plumbing basics, welding and blueprint reading.
OCAS Code: CNS

Carpentry Technician
4-semester Diploma. Peterborough Campus
Prepare for a career as a carpenter in new construction and building renovation. Graduate with the requirements for General Carpenter Apprentice level two.
OCAS code: CPT
