

Annual Tuberculin Skin Testing (Mantoux)

As a returning student, if your placement occurs within a healthcare setting, a yearly one-step TB test is required. If your placement occurs outside of a healthcare setting, the need for an additional one-step test will be determined by your placement agency. Be sure that your TB test result (amount of induration) is measured in mm, "positive" or "negative" is not sufficient.

Return form to Health Services, Room 181, to be stamped "complete"

Student Name (please print): _____ Birth Date: (mm/dd/yyyy) _____

Program: _____ Start Date: (mm/yyyy) _____ Student Number: _____

Record dates of previous two-step TB tests:

Date: Step #1	Date read:	Results in mm:
Date: Step #2 (7-21 days apart)	Date read:	Results in mm:
Chest x-ray required if Mantoux "Positive" Date of x-ray:	Result (include copy):	

Record date of annual one-step TB test:

Date: Step #1	Date read:	Results in mm:
If Mantoux Positive: Chest x-ray required		
Chest x-ray required if Mantoux "Positive" Date of x-ray:	Result (include copy):	

By signing below, you hereby give Fleming College's Health Services Department permission to release this form and any supporting documentation to your Program Coordinator.
