

HSTA - Accommodation Listing

Bed and Breakfast/Resorts/Motels are commercial year-round businesses who offer special discount or services to School of The Arts students. In many cases there are federal, provincial, regional, municipal or association standards, which must be met in order to continue operating. Although not all are members of the Haliburton Chamber of Commerce, it is a source of additional information on these establishments. The Federation of Ontario Bed Breakfast Accommodation (FOBBA) is a province wide association of BBs with a code of ethics and standards that all members must meet. The standards are designed to ensure a high level of safety, cleanliness and hospitality that meet the needs of BB travellers. Periodic inspections of member BBs are carried out by FOBBA representatives. These BBs are noted in this list with the FOBBA acronym.

This list of private accommodations represents a list of homes, cottages and rooms made available by Haliburton Village residents and area hosts. They are prepared to open available accommodation to the students of the School of The Arts during the summer months only. Accommodation will vary as will the amount of use of the host private space.

Your choice of accommodation should be the result of many questions asked of your host. You are advised to discuss accommodation requirements, cancellation policies and meals with the host in advance to ensure that your visit will be everything you expect it to be. The list and information here is intended for the use of students registered at The School of The Arts. The accommodations listed have not been inspected by the college. The approximate distance from Haliburton Village is noted in kilometers.
