National Occupation Classification (NOC) Code	9241 (formerly NOC 7352)

On Labour Market Indicators list for Second Career?	No
Job Postings/Grad Report	<p>226 Ontario job postings on workingincanada.gc.ca July – October 2015.</p> <p>Fleming College grad report 2013/2014 indicates that 57% of grads are working in their field 6 months after graduation.</p>
Additional Labour Market Information (LMI)	<p>The outlook for working in Canada for this occupation is good (i.e. 3 out of 3 stars) with this industry undergoing transformation as there is a shift from coal burning plants to alternative forms of energy such as gas or biomass-fuelled production. Also, as utility companies aim to become more efficient, the elimination or re-engineering of work processes may impact employment growth. Since some power generation stations operate 24 hours a day, workers who can accommodate a flexible work schedule will be more employable.</p>
<p><b>Fleming College Refund Policy</b></p> <ul style="list-style-type: none"> <li>• If the college rejects an applicant prior to registration, a full refund of fees paid to that date will be made.</li> <li>• In accordance with the Ministry of Training, Colleges and Universities Tuition Fee Operating Procedures, students <b>must submit formal written notification</b> of Withdrawal within <b>10 business days of the beginning of a semester to receive a refund of fees</b> for the current term.</li> <li>• If a student withdraws from their program after the tuition fee deadline as indicated in the letter of acceptance but prior to or on the tenth day of classes in a term, the tuition fee and ancillary fees minus a \$100.00 administrative fee will be refunded. <b>No refund will be made after 10 days.</b></li> </ul> <p><b>Source:</b> <a href="http://www.flemingc.on.ca/index.cfm/go/financial/sub/payment-options.cfm">www.flemingc.on.ca/index.cfm/go/financial/sub/payment-options.cfm</a></p>
