

General Arts and Science - College Transfer

Program Locations:	Peterborough
Program Code:	GSC
Co-ordinator:	Helen Bajorek MacDonald
Credential:	Ontario College Certificate
Start Dates:	September 04, 2012 - January 07, 2013
Tuition Fees:	\$1,928.45 per semester. Tuition and fees subject to change.

The General Arts and Science - College Transfer program can be your introduction, preparation and pathway to further college diploma studies.

Program Highlights

There are three versions of the College Transfer program. You may select from either the Business or the Law and Justice streamed versions, or if you want more flexibility, you may choose generalist studies.

Elective courses are available in arts, business, humanities, literature, psychology, and social sciences. Courses offered will vary from year to year. The elective list is created to provide students with a range and variety of courses to meet their interests. You will choose your elective courses with guidance from the program coordinator.

If you choose streamed studies in Business or Law and Justice, you will be eligible for entry to Common First Semester diploma programs in Business or Law and Justice, upon successful completion of the College Transfer program, and will also receive credits towards diplomas offered within these fields of study.

Streamed or not, all College Transfer graduates are well positioned for further studies, and will receive credit for some courses taken, depending on their preferred program for future study at Fleming College.

Please note: To be considered for your program of choice, your Ontario College application must be received by the Equal Consideration Application Deadline date.

The 2-semester General Arts and Science – College Transfer program will allow you to:

- Obtain academic support in communication and research skills
- Develop critical thinking skills
- Engage in career search activities
- Improve self-management and academic success skills to pursue college diploma studies
- Explore vocational skills in fields that interest you.

Why Choose Fleming

We prepare people of all ages, stages, and walks of life for career and educational journeys - and graduates of our General Arts and Science programs have continued on to take additional post-secondary training and education in a variety of settings. They were able to make good decisions for the future, supported by our faculty and career counselling staff.

Minimum Admission Requirements

OSSD with the majority of credits at the Workplace (E) level, including English.

When Workplace (E) is the minimum course level for admission (C) and (U/C) courses are also accepted.

The General Arts and Science - College Transfer program reserves the right to use additional assessment as needed, in order to provide academic support and resources to incoming students.

Mature Students

If you are 19 years of age before classes start, and you do not possess an OSSD, you can write the Canadian Adult Achievement Test to assess your eligibility for admission.

Related Programs

If you are interested in pursuing college diploma studies in the environmental or natural resources fields, consider the General Arts and Science - Environmental and Natural Resource Studies Option, offered at our School of Environmental and Natural Resource Sciences in Lindsay.

Additional Costs

You should plan to spend approximately \$700 per year for books and supplies.
