Fleming College's Paralegal program is specifically designed to prepare you, as a graduate, to meet Ontario's paralegal licensing standards. The program is accredited by The Law Society of Upper Canada.

Program Highlights

Our Paralegal diploma program has been accredited by the Law Society of Upper Canada and prepares you to become a paralegal licenced to provide legal services in the Province of Ontario. Licensed paralegals in Ontario can represent clients dealing with lawsuits falling within the jurisdiction of Small Claims Court. They can act for people facing summary conviction charges under municipal by-laws, provincial statutes or the Criminal Code. Some serve as by-law enforcement personnel, or act in a prosecutorial capacity for municipal governments. Paralegals are also trained to assist clients through the potentially complex proceedings of tribunals like the Ontario Human Rights Commission, the Workplace Safety and Insurance Board, or the Ontario Rental Housing Tribunal. Some paralegals choose to work under the supervision of lawyers or other paralegals, while others offer their services directly to the public.

University Grad?

Are you a university graduate? You may be eligible for direct entry into second semester of this program and graduate in as little as 12 months. Contact the program co-ordinator for more information.

Why Choose Fleming

Fleming's two year (four semester) Paralegal program has some practical advantages. Not only will you be taught by experts, with a wide range of experience in the field, your first three semesters of study are completely integrated with students in the college's Law Clerk program. Should you so choose, you can enhance your qualifications and possible job opportunities by returning for an extra semester of study and leave with a second diploma in that related field.

(The start date for this additional semester is subject to student interest and enrolment. Check with the program co-ordinator for details.)

Work Experience

The 160-hour field placement is an opportunity to get an understanding of the demands and rewards of this career. Field Placement can be completed during the final 15 week semester of the program or can extend beyond your final academic semester.
