

Building Bridges for Women in Trades and Technology

Fleming College’s Building Bridges for Women in Trades and Technology program aims to encourage and support female students to build a rewarding career in skilled trades sector. With acceptance into this program you will receive a scholarship totalling up to \$3,500 awarded over year 1 and 2 of your educational program. You will be paired with a mentor to receive career guidance in a 1:1 or group mentorship format. Additionally, you will also have the opportunity to participate in various networking and leadership events.

Programs you can be enrolled in to be eligible for this scholarship -
