

# Protection, Security and Investigations Program

Build your career brand in the Protection, Security and Investigations program at Fleming College. Security is recognized as one of the fastest growing fields in the world. In the Protection, Security and Investigations program you will develop the knowledge and capability to operate on many levels within a multi-discipline security organization. Private and public enforcement roles, government investigations, and facility

protection industries have grown, which means you'll be in demand as a specialist and manager with specialized training. Positions can include: security manager; corporate investigator; protection officer; event security management specialist; government enforcement officer; private investigator; risk management specialist; fire and safety security specialist; security officer; ATM armed escort; police officer.
