

Pharmacy Technician Program

Build your career brand in the Pharmacy Technician Program at Fleming College which will lead to work possibilities in a variety of companies or institutions, such as: retail pharmacies; long-term care facilities; hospital pharmacies; specialized pharmacies; third-party insurance companies; computer; software development companies and government. As a registered pharmacy technician, graduates will participate

in health promotion activities and provide education such as medical device training or coordination of health clinic days. Pharmacy technicians work in collaboration with the pharmacy team and other health professionals to ensure continuity of care.
