

Academic Orientation Timetables

Frost Campus – Winter 2020

Students enrolled in these programs will follow a modified timetable for week 1.

- Ecosystem Management Technician/Technology
- Environmental Technician/Technology
- Fish and Wildlife Technician/Technology
- Forestry Technician
- Resources Drilling Technician

Students are sent an email the week of December 16th regarding orientation week events and classes.

This e-mail contains all the information you need for your first week at Fleming. Your orientation week timetable will be attached to that email. Follow that timetable for the week of January 6th to 10th.

Classes begin on January 6th with events and activities scheduled around classes.

Students enrolled in these programs should follow the timetable they see on the student portal "myCampus".

- Arboriculture Co-op
- Advanced Water Systems Operation and Management
- Heavy Equipment Techniques/Electrical Power Generation (Co-op)

Go to <http://flemingcollege.ca/> and log into myCampus.

Students in this group of programs please check your Fleming email for information from your program co-ordinator regarding classes the first week and class cancellations due to field camps.

Classes start on Tuesday, January 7th for students entering semesters 2 thru 6 at Frost Campus. Students in semesters 2 thru 6 should check their Fleming email for updates from Program co-ordinators and faculty.
