LIBRARY SERVICES

REFERENCE

Library staff can help you find the right resources for your projects by showing you our search tools and finding effective search terms.

Ask for help at the library service desk.

RESEARCH TUTORIALS

We have a collection of tutorials on our homepage under the tutorials tab.

ORIENTATION

Faculty may invite library staff to the classroom to give a session on the library and using our resources.

REMOTE ACCESS

Bring the library home with you!

You can borrow most of the books on our shelves, but you can also stream video, find articles, and read eBooks from home.

RESERVE

Often, your faculty will put items needed for assignments "on reserve". You can find them at the library service desk.

INTERLIBRARY LOAN

Is there something you want that we don't have? Just let us know! We can probably bring it in for you!

LOANS

Library books may be borrowed for 3 weeks and may be renewed depending on demand.
