Founded in 1967, Fleming College has strived to create a legacy of innovation, inclusiveness and community-building.

This year, we developed a new Fleming brand that shares our message of growth, unity and creativity. Our new identity captures the spirit of our vision to create prosperity and transform communities through education and innovation.
Welcome!

Our campuses are located in diverse, smaller urban centres that offer access to all amenities. However, we also have a distinct advantage – opportunities for outdoor recreation. Located on part of the Trent-Severn Waterway, the region is home to more than 350 lakes and the TransCanada Trail traverses 120 km through our campus communities. Whether it’s great food, community festivals or just getting outside in nature, you can enjoy it here!

Sutherland Campus
Located on 200 acres in the City of Peterborough, Sutherland Campus is the largest campus with about 5,000 full-time students and 70 full-time programs.

Frost Campus
Set on 150 acres bordering the Scugog River in Lindsay, Frost Campus is home to our School of Environmental and Natural Resource Sciences. The campus hosts about 1,600 full-time students.

Haliburton Campus
Nestled in the beautiful Haliburton Highlands, with its community of resident artists, Haliburton Campus offers full- and part-time programs within the Haliburton School of Art + Design.

Fleming College respectfully acknowledges that we are situated on the Michi Saagiig lands and the traditional territory covered by the Williams Treaties. G’chi Miigwech to the Michi Saagiig peoples for allowing us to continue our work in your territory.
1 How to Apply

If you've made the decision to attend post-secondary, get started by researching your options:

• Visit our website
• Take a tour of our exceptional learning spaces
• Attend one of our Open House events
• Book a one-on-one session with one of our recruitment officers

Visit our website to submit your online application.

For a step-by-step guide to the application process, visit: flemingcollege.ca/navigator

Questions? Contact our Admissions Office:
admissions@flemingcollege.ca
1-866-353-6464 ext. 1514

2 Ready to Apply?

Visit ontariocolleges.ca to submit your online application.

3 Next...

Once you've applied, we'll send you an acknowledgement email.

Nov. 1 is the earliest date you can receive an offer of admission for programs that begin in the upcoming academic year. Offers of admission to highly competitive programs will be sent to successful applicants after Nov. 1 on a rolling basis, based on GPA.

Confirm your offer of admission at ontariocolleges.ca by May 1 to secure a seat in the program of your choice.

4 You’re Almost There!

Once you've confirmed your offer of admission, you can log into myCampus for important information and notifications. Be sure to pay your tuition deposit and fees by the specified deadlines. We will send an email to your Fleming address, and to any other email address you have provided, to let you know your Fee Notification is available for you to review.

If required, provide proof of successful completion of admission requirements for your program to ontariocolleges.ca.

Your timetable will be available a few weeks before classes start. Check your myCampus Student Centre to view your schedule and prepare for your courses. And make sure you attend Orientation – it's a great way to meet new friends and get acquainted with life on campus.

For a step-by-step guide to the application process, visit: flemingcollege.ca/navigator

Questions? Contact our Admissions Office:
admissions@flemingcollege.ca
1-866-353-6464 ext. 1514

Financial Aid

Your post-secondary education is one of the most important financial decisions you will ever make – and we want to ensure you have the support to achieve your goals. Here are a few ways we can help fund your education:

• The Ontario Student Assistance Program (OSAP) provides eligible students with loans and grants for their education. Learn more at ontario.ca/osap.
• We offer approximately $2 million annually in student bursaries and scholarships: flemingcollege.ca/financial-aid/scholarships-and-bursaries.
• An on-campus job is a great way to earn money and learn valuable work and life skills that will help build your résumé.

Create a Financial Plan

Knowing your costs and funding resources is important in preparing for college. Create your own financial plan using our online tool:

flemingcollege.ca/financial-aid/budget-calculator

Questions? Contact us:
student.accounts@flemingcollege.ca

Tuition and Fees

Tuition for post-secondary programs is set in accordance with the Ministry of Colleges and Universities fee guidelines. These fees can vary by program type. Please visit our website for complete details on tuition fees and any additional costs associated with individual programs:

flemingcollege.ca/programs

Questions? Contact us:
student.accounts@flemingcollege.ca

NEW! Ontario Colleges can start sending offers of admission beginning Nov. 1.

Be sure to apply before Feb. 1 to receive equal consideration for admission to programs with various start dates during the upcoming academic year. (Generally, September, January and May.) You can select up to three programs of your choice at Fleming.

Mature Students

If you are 19 years or older by the beginning of classes, but have not yet completed your high school diploma, you will be considered a mature student. This designation allows applicants to be considered for admission based on the skills and experience they have acquired since leaving school. For more information:

flemingcollege.ca/how-to-apply/mature-students

Questions? Contact our Admissions Office:
admissions@flemingcollege.ca
1-866-353-6464 ext. 1514

Questions? Contact us:
student.accounts@flemingcollege.ca
Residence and Housing

We offer on-campus, suite-style housing at Sutherland and Frost campuses. Spaces in residence are offered on a first come, first-served basis. Be sure to apply and confirm early to secure your spot.

For a tour of our suites or more information on our facilities, fees, and how to apply: flemingcollege.ca/student-experience/residence.

Interested in living off-campus? Visit flemingcollege.ca/och for tips on renting as well as for rental, sublet and roommate listings.

Your housing choice is an important one. Our Housing Community Coordinator is available to assist you during your initial housing search and with any future concerns that may arise with your accommodations.

1-866-353-6464 ext. 1125 och@flemingcollege.ca

Student Experience

We are committed to providing you with the tools and support you need to achieve your goals at Fleming. We promote a welcoming and inclusive environment for all students and staff across our campus communities. You'll have many opportunities to get involved and have fun.

Among our many services, we offer:

- Tutoring and academic skills
- Student health services
- Counselling and accessible education services
- Career services
- Personal wellness supports
- Diversity and inclusion student supports

flemingcollege.ca/student-experience
Get Involved

Through leadership activities, mentoring and tutoring programs, there are many opportunities for students to get involved and help other students.

We also offer a Co-curricular Record (CCR), which is a non-academic record of participation in on-campus and community events. Document your activity and supplement your portfolio/résumé.

Support for You

Need to check in? We are here for you. Through the Personal Wellness Supports hub you will find resources, modules and apps to help your personal and mental wellness.

flemingcollege.ca/personal-wellness-supports

Indigenous Student Services

Rooted in Indigenous perspectives, Fleming Indigenous Student Services nourishes students’ spirits on their learning path by supporting connection to community, culture, and self-care. This ‘Circle of Care’ approach includes mental, spiritual, emotional and physical supports.

We provide orientation and mentoring through our Bishkaa program, cultural programming, and one-to-one student support. We have also created meaningful partnerships with Indigenous organizations and local service providers to foster student success and connect students to community.

Athletics

Get active! Our athletics and recreation programs include fun intramural activities as well as extramural leagues and competitive varsity sports.

Full-time students at Sutherland Campus have access to the Peterborough Sport and Wellness Centre, located on campus. It features a triple gym, aquatic centre, and weight/fitness training facilities. We also have four ball diamonds and two world-class artificial turf fields right on campus.

The Field House is a gymnasium that hosts intramural sports and fitness programs for students at Frost Campus. The Lindsay Recreation Complex is located adjacent to the campus and has a pool, two ice pads, fitness classes, weight training and cardio gym, and squash courts.

Our Haliburton Campus has numerous options for outdoor recreation with its network of on-campus trails and location on the shores of Head Lake. We offer a free bike and snowshoe sign-out program for students to stay active year round.
Areas of Study

- Health and Wellness
- Law and Justice
- Community Development
- Business and Information Technology
- Trades and Technology
- General Arts and Sciences
- Indigenous Perspectives Designation
- Environmental and Natural Resource Sciences
- Haliburton School of Art + Design
Common First Semester

Core diploma programs in the School of Justice and Community Development and the School of Environmental and Natural Resource Sciences share a common first semester while many diploma programs in the School of Business and Information Technology share a common first year. Common first semester allows you the freedom to explore and obtain a multidisciplinary perspective, while you acquire a base of knowledge and fundamental skills. You might find that a different program is more suited to your goals and interests. If so, you can transfer into your preferred program in semester 2, depending on enrolment capacity and academic requirements.

Pathways

Most of our diploma programs have transfer agreements with both Canadian and international institutions that recognize our diplomas for credit toward degrees. The number of credits may vary depending on the agreement with the partner institution. For more information, visit [flemingcollege.ca/education-pathways](http://flemingcollege.ca/education-pathways).

University to College

Are you a university grad? You may be eligible for advanced standing in one of our diploma programs, or build on your degree with one of our post-graduate programs. Put theory into practice: gain specialized skills through real-world, applied learning opportunities. These programs are short in duration and targeted to the needs of employers.

2x Double the Power of your Diploma

Many of our two-year diploma programs offer opportunities to obtain a second diploma within the same School with just one or two more semesters of study. Add another specialization to your skill set and increase your career prospects.

2+2 College Diploma + University Degree

Spend two years at college and two years at university and get the best of both worlds.

35+ opportunities to complete a diploma and degree in just four years.

Internal Pathways

600+ external pathways

50+ partner institutions

Notes for all Programs

- Gr 12 (C) courses will be accepted where Gr 11 (C) course requirements are listed.
- Where (C) level courses are listed, (U) level courses will be accepted.
- Where Workplace level courses are listed, (C), (U) and (M) courses will be accepted.
- For programs requiring a majority of credits at the Workplace level, OLC40 will be counted as an acceptable English course.
- In addition, some other courses are recommended. Although not required for admission, taking them will help you prepare for the program.

**School of Environmental and Natural Resource Sciences only (page 31):** Applicants entering directly from high school must apply to the four-semester Technician program. Applicants with previous post-secondary education should contact the Admissions department.

CFS – Common First Semester

CFY – Common First Year

– Indigenous Perspectives Designation

Every attempt is made to ensure the accuracy of information in this Viewbook. Please check our website or contact us for the most up-to-date program information. Some program changes were not finalized at the time of printing. The College reserves the right to modify or cancel any course, program, fee, timetable, or campus location at any time.
Build a stronger, healthier community

A career in Health and Wellness can be challenging and rewarding. Our programs combine theory with extensive opportunities for practical training. You’ll learn the same way you’ll work in your profession – in collaborative, intradisciplinary teams.

flemingcollege.ca/school/health-and-wellness

Graduate with work experience

In addition to extensive hands-on training in our redesigned labs and technologically advanced learning spaces, each program includes at least one work experience, such as a placement, internship, field or clinical experience.

New! Choose the accelerated or part-time option for Practical Nursing

Our full-time program lets you graduate in less than 2 years by taking 5 consecutive semesters.

Or choose to complete the program part-time in 9 sequential semesters. You can apply for a seat in the full-time program after successfully completing Semesters 2, 4, 6 or 8.

Progressive curriculum will give you essential skills

Our programs focus on adding not just technical skills, but crucial life skills, such as mental health strategies, personal resilience, leadership, ethics and communication skills. You can also pursue an Indigenous Perspectives Designation (IPD) which provides a more in-depth knowledge of Indigenous (First Nations, Métis and Inuit) peoples, their cultures, histories, traditions and contributions to our shared society.

Explore careers in the common first semester

Our diploma programs start with a common curriculum. You will be guided through a program exploration process that includes program details from all programs and professional opportunities for graduates. You will have the option to alter your pathway in Semester 2 with no cost to switch and no loss of time.
Make a Difference

Creating a positive impact on the lives of others can be an inspiring and rewarding career. With extensive placements, additional certifications and a focus on specialized skills, you will be ready to shape your community.

New! Dual Diploma in Social Service Worker and Mental Health and Addiction Worker

Start in either program and gain a dual diploma in just six consecutive semesters. You will complete a placement in each program and graduate with broader skills and greater career opportunities.

Your pathway to becoming a teacher

Our Educational Support program and Early Childhood Education program now offer a pathway to transition to Trent’s Teacher Education Stream degree program.
We focus on applied, real-world experience, entrepreneurial thinking, and strong communication skills, which means you'll graduate job-ready. Expand your network through our links to many professional and global organizations.

Join an organization, start your own enterprise, or pursue advanced degree studies through our many transfer agreements: your pathway to future success starts here.

**Real-World Challenges, Real-World Solutions**

Business and Technology students participate in an intensive project for an industry partner that requires a broad range of applied, project management and leadership skills. Teams provide innovative solutions for diverse organizations in a variety of sectors, including small companies, international enterprises, not-for-profit and social service organizations.

The Applied Projects learning experience culminates with the annual Innovation and Technology Showcase in partnership with Bell.

"My project work helped me start my career and move into full-time employment."

- Parth Dubal, Wireless Information Technology program graduate
Hands-on training in world-class facilities that incorporate the latest tools and technology ensures you get a head start on your career.

flemingcollege.ca/school/trades-and-technology

We Put our Skills to the Test

All Fleming students who participated in the 2021 Skills Ontario Competition placed top three in the province.

- Liam Collin, gold, Culinary Arts
- Liliane Michaud, silver, Culinary Arts
- Bailey Wodzack, silver, Carpentry
- Nicholas Stock, bronze, Welding
- Devin Cartmell-Martin, bronze, Metal Fabrication – Fitter
A Pathway to Opportunity

No matter what your educational background, we can help you achieve your goals. If you are interested in a health science program or a university degree, we can assist you in developing your skills, confidence, and a pathway to your dream program.

flemingcollege.ca/school/general-arts-and-sciences

We have reserved seats for eligible graduates of the Pre-Health Sciences Pathway to Certificates and Diplomas in our competitive health sciences programs including Practical Nursing, Paramedic, and Pharmacy Technician.

Qualified graduates of the Pre-Health Sciences Pathway to Advanced Diplomas and Degrees can apply to degree programs at several universities. These include the Trent/Fleming Bachelor of Science in Nursing at Trent University and the Bachelor of Health Sciences Degree program at Queen’s University.

Our unique University Transfer program allows you to earn a full year of transfer credits toward a Bachelor of Arts or Science degree at Trent University or a Bachelor of Arts degree at Carleton University. You may also be eligible for transfer credits at other institutions.

“I decided to join this program because of the general classes it offered, and I was unsure of what career path I wanted to pursue after the program. I learned a lot about the field I am interested in, and it helped me figure out what I would like to do in the future. The faculty in this program were always helpful and continuously offered support, and the hands-on learning opportunities at Fleming were a great way to put what I had learned into practice.”

– Morgan Gullekson, Graduate, Pre-Health Sciences Pathways to Advanced Diplomas and Degrees

“I decided to join this program because of the general classes it offered, and I was unsure of what career path I wanted to pursue after the program. I learned a lot about the field I am interested in, and it helped me figure out what I would like to do in the future. The faculty in this program were always helpful and continuously offered support, and the hands-on learning opportunities at Fleming were a great way to put what I had learned into practice.”

– Morgan Gullekson, Graduate, Pre-Health Sciences Pathways to Advanced Diplomas and Degrees

Unique in Ontario, the Indigenous Perspectives Designation (IPD) provides you with an in-depth knowledge of First Nation, Inuit, and Métis peoples, their cultures, histories, traditions, and contributions to our shared society. Programs that offer an IPD provide experiential learning and discipline-specific Indigenous curriculum in each semester.

List of programs
- Aquaculture Co-op
- Child and Youth Care
- Community and Justice Services
- Customs Border Services
- Early Childhood Education
- Ecosystem Management Technician
- Ecosystem Management Technology
- Part-time Ecosystem Management Technician
- Part-time Ecosystem Management Technology
- Educational Support
- Fish and Wildlife Technician (Optional Co-op)
- Fish and Wildlife Technology
- Forestry Technician (Optional Co-op)
- Law Clerk
- Mental Health and Addiction Worker
- Paralegal
- Pharmacy Technician
- Police Foundations
- Practical Nursing
- Protection, Security and Investigation
- Social Service Worker
- Urban Forestry

Connection to Community
An imperative piece of the Indigenous Perspectives Designation is community engagement. Successful students attend and participate in appropriate Indigenous events and initiatives. This allows students to take part in activities that promote respectful relationships and professional partnerships and gives them additional opportunities for applied learning. Participation is acknowledged in each student’s Co-Curricular Record (CCR), which documents non-academic learning experiences and can be used to enhance a student’s portfolio or résumé.

Our Commitment to Indigenous Education
In 2021, Colleges and Institutes Canada (CICan) selected Fleming College as the Silver recipient of the Indigenous Education Excellence Award. The award recognizes our commitment to:
- Making Indigenous education a priority
- Indigenous-centred and holistic services and learning environments
- Relationship building with Indigenous communities
- Respect for intellectual and cultural traditions
- Understanding and reciprocity among Indigenous and non-Indigenous peoples

600+ students graduated with an Indigenous Perspectives Designation in 2020.

Our campus is a living, learning lab. We offer best-in-class experiential learning environments that our students can take advantage of right on campus. Our dedicated faculty are passionate about the subjects they teach and are well-connected with industry to ensure students find a career they love. Many of our programs offer co-op, work placements, or applied and community-based project opportunities to put skills into practice in real-world settings. Some even provide international learning experiences.

Community-based Learning

We recognize the importance of community-based learning. Our students can often be found in the field, contributing to the health and sustainability of our communities, all while learning valuable hands-on skills. Organizations we’ve partnered with include the Boys and Girls Club of City of Kawartha Lakes, our local United Way, the City of Kawartha Lakes municipality, and the Mount Community Centre.

Campus features:

- Shoreline on the Scugog River
- Natural wetlands
- Fish hatchery
- Greenhouse/nursery
- Apiary
- Arboretum
- Pollinator gardens
- Community garden

Frost Campus is home to the Centre for Advancement of Water and Wastewater Technologies and the Centre for Innovative Aquaculture Production. Both hubs offer applied research opportunities for students right on campus.

*Faculty who truly take the time to know in my future career. Paired with having the most passionate and experienced faculty who truly take the time to know you… it’s a unique experience!* - Hilary Wright, Graduate (2020), Ecosystem Management Technician
Create Your Future

We’re here for makers, artists, designers and dreamers. Experience our unparalleled breadth of hands-on, studio-based programming and discover the creative professional you are meant to be.

Leaders in Art + Design

Learn from practicing professionals actively shaping the disciplines of art, craft, design, and heritage across Canada.

We think differently about your art and design education. Taught in state-of-the-art studios, our flexible programs are designed to immerse you in deep skill acquisition and expose you to innovative approaches in art and design. Our small class sizes and attentive faculty members are guaranteed to prepare you for a creative career.

Diploma Programs

Visual and Creative Arts
Develop essential visual arts skills through the process of looking, thinking, making, and talking about art. Regardless of creative direction, this program will give you the breadth and depth of experience to pursue the visual arts with confidence.

Integrated Design
Find your future creative career here. Embrace design thinking, explore experiential learning and studio-based opportunities to prepare for a life in design – in whatever discipline is right for you.

Certificate Programs
• Learn in state-of-the-art studios with specialists
• Equivalent to two semesters of full-time study, 15-weeks, over 600 hours of hands-on studio time
• Begin in a certificate program and continue on to a diploma program, or start your diploma that culminates with a studio-based certificate

Start Here. Continue your studies from coast to coast. We are the only college in Ontario that has articulation agreements with leading art and design programs offering Bachelor Degrees in Canada, Including: OCAD University, NSCAD University, Alberta University of the Arts, and Emily Carr University of Art + Design

Haliburton Campus Feature: CENTRE FOR MAKING

Learn, explore and create using technology for making and prototyping:
- 3D printers, scanners
- laser engraver cutter, vinyl cutter
- industrial sewing machine, digital embroidery machine
- large scale plotter printer, printmaking press, Risograph copier, and CNC machine
- iPads, animation stations, photography and videography equipment

Creative Careers Begin with Experiential Learning

The final four months of the Museum Management and Cultural Heritage Conservation and Management programs are an internship. Students have worked in leading museums and cultural institutions across Canada and around the world.

Graphic Design – Visual Communication students are ready to hit the ground running with over 390 hours of direct work experience with real-world clients.

The End-of-Semester Exhibition is an opportunity for our students to get first-hand experience mounting a show and presenting their work.
Connect With Us!

“The Recruitment Team played a vital role for me when I applied to post-secondary. They worked with me to find the program that was the perfect fit and even walked me through the application process to ensure I was set up for success. As a new graduate, I now have the pleasure of being part of that same team to help provide applicants with the tools to accomplish their goals at Fleming.”

– Bridget Commodore, Student Recruitment Officer, and Paralegal Graduate

Attending post-secondary is a big decision. We know you have questions – and we’re here to answer them. We have lots of ways you can connect with us and learn more about life at Fleming College.

Check our website for the latest info and links to our ongoing events. These include:

- 1:1 virtual or in-person advising*
- Drop-in virtual sessions
- Virtual information sessions

We also offer:
- Virtual tours
- In-person tours*
- Open House events

Don’t forget the other ways you can contact us:

Email: askus@flemingcollege.ca
Phone: 1-866-353-6464 ext. 1546
Or download our Fleming mobile app – available in the App Store or Google Play.

*While we always enjoy seeing you in person, be sure to check our website for the latest information and updates on COVID-19 protocols at our campuses: flemingcollege.ca/covid19.
